## Introduction

Our list has been developed to offer a balance of quality, value and interest. We have opted where possible for small artisan winemakers where quality and innovation are key, we have included notable names, and some home-grown award-winning wines and spirits from our region. We will only list wines we have tasted and liked and have included a short section of our current personal favourites in the “What We're Drinking” section on Page 6

Our style of service is characteristically relaxed. We offer you a taste to check the condition of the wine, pour a glass for each diner and then leave it to you. Whilst most of us have a qualification in wine, we can't guarantee we know everything but will promise to either answer your questions or point you in the right direction.

We are delighted to have been awarded an AA Notable Wine List Award for the past 5 years.

We hope you enjoy drinking from the list as much as we enjoy putting it together!
